BOARD OF SELECTMEN

1982 ANNUAL REPORT

The beginning of 1982 found the town facing the same situation that we faced at the start of 1981, balancing revenues and expenditures under the limitations of "Proposition 2½." After early meetings with the Finance Committee, the Board of Selectmen agreed to try to achieve a "zero growth" budget without attempting to override Proposition 2½. With the cooperation of all town departments, we were successful in achieving this goal.

During 1982, the Board of Selectmen took the time to recognize the achievements and lifetime devotion of two of the town's most dedicated public servants. Delbert Witty served with distinction for more than thirty years as Moderator and Town Counsel. Ruth B. Smith dedicated her career as Town Clerk and Accountant to the public interest. Recognition of this service was formally made at our Annual Town Meeting on May 3rd. Again, we salute the contributions of these two dedicated individuals.

The Board of Selectmen was surprised in June by the announcement that Warner-Amex wished to renew their cable television contract with the town five years ahead of schedule. Warner-Amex's announcement arose from their desire to increase revenues by increasing the amount of service offered. The Board of Selectmen seized the initiative by tying a new contract to the expansion of the cable service area. As a result, new television cable will be installed for the first time in 1983 to serve the North Orange, Tully, and Packard Pond areas. As another positive result of this process, the Board of Selectmen held its first public meeting at the Moore Leland Library in North Orange. The Board hopes to continue this practice in the future.

The Board is pleased to note that several steps were taken in 1982 which will help to assure Orange's future economic health. All of the site work at the Orange Airpark is now complete, and an active marketing campaign to attract new industry has begun. Arthur Platt of Countryside Realty has been retained by the town as exclusive

marketing agent. Mr. Platt is working closely with our Administrative Assistant and with the Massachusetts Department of Commerce and Development in executing an aggressive promotional campaign which we hope will bear fruit during the coming year. Already, the involvement of the Department of Commerce has resulted in the awarding of a Public Works Economic Development grant, amounting to \$200,000. These funds will be used in 1983 for downtown parking and sidewalk improvements, and for the construction of new sidewalks on East River Street. The East River Street sidewalks will add to the new street lighting and other public safety improvements implemented in this area during the past year.

The economic development steps now being pursued by the town are all the more important in the light of the nation's recent economic downturn. The steps which we are taking have called for some faith and some sacrifice on the part of our taxpayers. As a Board, we are proud to serve a community willing to face an uncertain future with boldness and vision. Many of the economic conditions which now burden us are clearly beyond the control of small-town government. However, we are aggressively pursuing every opportunity available to us. The Board of Selectmen looks forward to 1983 as the year that the people of Orange can begin to reap the benefits of their many years of patient effort and support.

Roger W. Mallet
Gene E. DeJackome

Board of Selectmen

REPORT OF THE ORANGE-ATHOL INDUSTRIAL DEVELOPMENT DISTRICT

To the Honorable Board of Selectmen:

We herewith submit the Annual Report of the activities of the Industrial Development District for the year 1982.

In January a press release notified the area of European Homecraft's establishment of manufacturing pre-engineered, top-quality housing to be marketed to builders and developers. They are located at East Main Street in Orange.

We were in contact with the EPA regarding the disposal of hazardous wastes in the state. The IDD plans to follow this closely. The present companies interested in doing this work are: Cyclotech-Gardner Industrial Park, IT Corp., Warren, Ma., Liqwcon, Greenfield, Ma.

Senator Wetmore filed a bill on February 2, 1982 in the legislature proposing a moratorium on hazardous wastes.

After advertising for a realtor in three states, calling 12 industrial realtors in the area, Art Platt of Countryside Realty in Orange was hired to promote the Airpark. He will do his own promotional campaigning.

We met with the principals of the McElwain plant and put them in touch with state officials who would be able to help them with their expertise in promoting the sale of the plant.

It was with deep regret that we noted the passing of Francis P. Farley and Edward F. Haley, charter members of the Industrial Development District.

We filled two empty slots on the commission by appointing Renette A. Koski of Orange and David B. Navin of Athol.

The commission voted unanimously to merge with the Athol Chamber of Commerce and the Orange Business Association into the Greater Athol and Orange Chamber of Commerce.

At the beginning of the fiscal year the Greater Athol and Orange Chamber of Commerce began to function from this office.

In October, the Chamber hired Karl C. Bittenbender as Executive Vice-President.

Athol and Orange received \$200,000 grants from Public Works Economic Development Program which they will use to improve the area's sidewalks and roads.

A \$70,000 State grant was given to Athol to help expand its municipal off-street parking.

The New England Governor's Council received a grant from the U.S. Dept. of Commerce to aid the Athol-Orange area in a pilot program that will provide small and medium-sized businesses with professional know-how for placing their products on the exports market.

Governor-Elect Michael Dukakis attended the ground-breaking ceremonies for the Hotel Pequoig which is being renovated for an elderly housing project. There will be a senior citizens center and three business areas.

He also said that he would give the unemployment problem in the area his attention.

REPORT OF THE PLANNING BOARD

Joel Brooks	Term exp. 3/85	Charles Barnes	Term exp. 3/85
James McIntosh	Term exp. 3/86	Mark Dembek	Term exp. 3/86
Renette Koski	Term exp. 3/87	Robert Kibler	Term exp. 3/87

To the Honorable Board of Selectmen:

I herewith submit the annual report of the activities of the Orange Planning Board.

Board member changes slowed our activity shown this year compared to the two years past. The board met weekly most of the year.

Along with completing the regular functions of the board were the following highlights.

The study of a possible consolidation of town departments similar to the Department of Public Works of Athol was completed and a summary sent to you.

Newly proposed bylaws and amendments to the old were worked out with the concerned departments to be presented at the 1983 annual town meeting.

A parking ticket bylaw was written and passed by the town.

A subdivision amendment for Flood Control measures was written and passed by the board.

Discussed in detail the cost of fixing up and the future maintenance of the Town Hall with a summary given to your Board.

Received approval from Attorney General Francis Bellotti approving all of the Zoning Articles except a section concerning a permit required for transporting Hazardous Material thru our town.

Discussed with Building Inspector plans for a Bylaw to penalize residents who don't obtain the necessary Building Permits, etc.

Again, as in years past, the board thanks all the town boards, departments, department heads, officials, and concerned citizens for the help and support given to us.

Respectfully submitted,
Joel T. Brooks, Chairman

TOWN CLERK'S REPORT

RECORD OF VOTES CAST AT TOWN ELECTION

HELD MARCH 1, 1982

At a legal meeting of the inhabitants of the Town of Orange, qualified to vote in elections and in town affairs, held in the Armory Building on Monday, March 1, 1982 from 10:00 A.M. to 8:00 P.M. it was voted as follows:

Article 33 — Voted:

No (re water extension North Main St.)

Article 34 — Passed over.

Article 35 — Voted:

That the town endorse the following resolution.

Because it is impossible to defend against nuclear war and because there can be no winner of a nuclear war, in the interest of national security, be it resolved that the Orange Town Meeting:

1. Calls upon the President of the United States to propose to the U.S.S.R. that together, both countries negotiate an immediate halt to the nuclear arms race. Specifically, we call upon each country to adopt an immediate mutual freeze on all further testing, production and deployment of all nuclear warheads, missiles and delivery systems; and,

2. Calls upon the Administration and the Congress to transfer the funds saved to civilian use. Concurrently, they should work jointly with labor, management and local communities to develop plans to convert the nuclear arms industry to civilian production, thus protecting jobs and strengthening our national economy.

We hereby call upon our elected officials at the local, state and federal levels to publicly endorse this resolution.

POLICE DEPARTMENT REPORT

To the Honorable Board of Selectmen:

I herewith submit the annual report of the Police Department for the year 1982.

Arrests	346
Accidents Investigated	247
Night Lodger and Incapacitated Persons	30
Store Doors Found Unlocked and Secured	194
Street Lights Out	147
Motor Vehicle Citations Issued	341
Telephone Calls Requiring Service	15,422
Calls Involving Motor Vehicles	587
Domestic Calls for Service	2,988
Burglar Alarms Answered	215
Business Escorts	112

Officers spent 85½ hours in court. There were 23 overtime hours spent for the River Rat Race, 26 overtime hours for Halloween and 25 hours for matron coverage.

There were 112,034 miles put on the two police cruisers.

Officers of the Police Department went out a total of 331 hours on their own time giving talks and programs, Crime Prevention, home and bicycle safety, drugs and police dog demonstration.

Officers of the Police Department took a total of 1,312 hours of police training on their own time with no expense to the Town.

The Town received \$11,940.00 back from the court system.

There was also taken in through the Police Department \$1,182.80 for Firearm Licenses, Pistol Permits, F.I.D. Cards and Police Reports requested by insurance companies.

From January of 1982 through December 1982, Assaults went down 25%, Breaking and Entering was down 4.7%, Larcenies were down 6% and crime overall was down approximately 10%.

From January of 1982 through December 1982, Assaults went down 25%, Breaking and Entering was down 4.7%, Larcenies were down 6% and crime overall was down approximately 10%.

Respectfully submitted,

WILLIAM M. GOLDING, JR.
Chief of Police

CEMETERY DEPARTMENT REPORT

To the Honorable Board of Selectmen:

This past year we have cared for the cemeteries of the town as in previous years in spite of rising costs.

Number of burials	85
Number of graves filled	63
Number of foundations	42

With the help of Elwin Deveneau, Highway Superintendent, and the use of highway equipment, we were able to get another section started in South Cemetery this fall. According to plan of South Cemetery, this is the section where the Soldier's Monument was to be placed. We are laying it out as planned hoping that some time in the future a monument and flag pole can be placed there.

Respectfully submitted,

John W. Blackmer
William R. Priestley
Louis Maroni, Jr.

BUILDING INSPECTOR'S REPORT

To the Honorable Board of Selectmen:

I herewith submit the report of the Building Inspector for 1982.

Permits Issued	142
Field Inspections	186
Telephone calls received	231
Telephone calls made	38
Meetings	6
Total Fees Received	\$3,266.00

Respectfully submitted,
Robert L. Howes
Building Inspector

DOG OFFICER'S REPORT

I herewith submit the annual report of the Dog Officer for the year 1982.

<i>Month</i>	<i>Complaints</i>	<i>Dogs Impounded</i>	<i>Dogs Destroyed</i>
January	45	25	5
February	60	40	18
March	43	22	8
April	26	12	9

June	56	12	0
July	76	51	25
August	82	39	19
September	161	28	15
October	124	13	5
November	91	36	15
December	81	27	5
TOTAL	895	321	147

Respectfully submitted,
KENNETH C. WHITMORE, JR.
Dog Officer

K-9 OFFICER'S REPORT

On January of this year a decision was made to obtain a second K-9 Unit by the end of 1982. On March 7, 1982 another dog was obtained and trained with the assistance of Athol K-9 Officer Ronald Pratt. On July 17, K-9 Champ and myself were certified as a K-9 Patrol Team by the Massachusetts Criminal Justice Training Council at the K-9 Training Center at Grafton, Ma. The Unit was implemented immediately, upon the certification.

During the period of July through December, the unit shows the following activities:

Building's Checked	14
Out of town assists	3
Prowler Calls	2
Crowd Control	2
Tracks	5
Arrests	2
Assist on Arrests	1
Public Demonstrations	7
 Total Training Days	 23

Patrolman,
Clay F. Rushford
K-9 Officer

INSPECTOR OF PLUMBING REPORT

27 Permits issued for 1982.

MICHAEL PORCARI
Plumbing Inspector

FIRE DEPARTMENT & AMBULANCE REPORT

To the Honorable Board of Selectmen:

The following is a report of the Orange Fire Department for the year ending December 31, 1982.

211 FIRE CALLS AND INVESTIGATIONS

Structural Fires	19
Car Fires	21
Auto Accidents	14
Mutual Aid Calls	9
Chimney Fires	26
Public Service Calls	51
Sprinkler Alarms	22
Dump Fires	3
Brush Fires	17
Gas Wash Downs	14
Dumpster Fires	2
False Alarms	2
Medical Emergencies	4
Investigations	3
Drowning	3
Mattress Fire	1
Oil Spill	1
River Rescue	1

Other Services Performed:

Recorded Police Calls Taken	3275
Smoke & Heat Detector Permits	68
Propane Gas Permits	21
Model Rocket Permit	1
Black Powder Permits	7
Oil Burner Permits	35
Brush Burning Permits	309

The Fire Department Ladies Auxiliary conducted an eight hour Baby Sitting Course and issued 65 diplomas.

The annual fire prevention program was conducted for the Dexter Park School children.

A Fire Prevention & Auto Extrication program was conducted for the school bus drivers.

All maintenance and repairs performed by Fire personnel.

AMBULANCE REPORT

During the calendar year ending December 31, 1982, the Orange Fire Dept. Ambulance made 641 trips, which is an increase of 16 per cent over the previous year.

Several E.M.T. ongoing education programs were conducted at the Firestation throughout the year.

Respectfully submitted,

Edward P. O'Lari
Fire Chief

Lloyd Rowe Jr.
Dep. Fire Chief

Lloyd Taylor
Dist. Dep. Chief

BOARD OF HEALTH REPORT

To the Citizens of the Town of Orange:

The report of the Board of Health for the year ending December 31, 1982 is hereby submitted.

Report of Community Health Service, 423 Main Street, Athol — October 1, 1981 - September 30, 1982.

Year to Date: 786 Clinic Visits — 96 Injections

REPORT OF HIGHWAY DEPARTMENT

To the Honorable Board of Selectmen:

I herewith submit the report of the Highway Department for the year 1982.

The work of the Highway Department has been the regular upkeep of streets, roads, sidewalks and bridges not included in Chapter 90.

Numerous sidewalks were patched.,

Iron rail fences were repaired.

Holes in streets and roads were patched with 301.125 tons bit asphalt.

29,626.30 gallons of liquid asphalt was applied to streets and roads.

The three year drainage project from Burrill to Prentiss Street was 95% completed.

Sand boxes were filled with sand for public use.

Sand without salt was delivered to individual homes.

Snow was cleared from sidewalks and sand was applied when necessary.

Parking lots were plowed and sanded at Mahar Regional School, Butterfield School, Dexter Park School, the Armory and the Town parking lots.

Storm drains and drop-inlets were cleaned and numerous culverts were replaced.

312.24 tons of chemicals and approximately 7,264 yards of sand were applied to streets and roads.

Runways, taxiways and parking lots were plowed and patched at the airport.

CHAPTER 90 CONSTRUCTION

Oiling was completed on the Safer Off System's Federal Aid Project in Tully and the fencing was started.

MUNICIPAL BUILDINGS

General upkeep was maintained at the town bard.

SEWERS

Numerous lines from streets to houses as well as main lines were unplugged.

Broken sewer lines were replaced.

Various lines to new houses were laid.

Lines were unthawed when frozen.

Plans for the upgrading of the sewer system have been completed based on the results of the Sewer System Evaluation Survey.

WASTE WATER TREATMENT PLANT

Total flow at the treatment plant was 418,000 million gallons of water.

Average flow per month 34.83 million gallons.

Total rainfall — 41.4" — average acidity was 4.40 PH.

91 tons of dry solids were wasted from the system and taken to the town landfill.

There was no waste received from residences with septic tanks.

Chemicals used, sodium hypochlorite 3,606 gallons, polymer T2640 1,501.2 gallons and 15 gallons of aqua lime.

The town received \$3,553.59 from the Mass. Local Aid Fund Chapter 58 Section 15A for up to 50% reimbursement of chemical cost associated with Chlorination and sludge dewatering. An additional \$4,050.31 to be received in 1983.

The Mass. Division of Water Pollution Control conducted an operation and maintenance inspection. An excellent report was given to the facility.

LAND FILL

Thousands of tons of household rubbish plus demolition material was deposited.

Thousands of yards of fill were brought in and used for cover and to maintain the berm per D.E.Q.E. orders.

The Town of New Salem contracted to use Orange Land Fill.

The final cover has been completed on the first half of the completed land fill.

PARKS AND PLAYGROUNDS

Grass at Butterfield Park and Goddard Park was mowed, hedges trimmed, bushes cut, leaves and grass raked up and disposed of.

Bleachers and dugouts were repaired and painted as well as the bandstand.

Tennis Courts and basketball courts at Butterfield Park were kept clean and maintained.

Portable latrines were installed at Butterfield Park and Lake Mattawa.

Sand was trucked to the beach at Lake Mattawa.

The grounds and equipment were maintained at the West Main Street Bi-Centennial and North Orange Parks.

The softball back-stop was installed at the Adams Street extension.

Respectfully submitted,

ELWIN F. DEVENEAU
Highway Superintendent

REPORT OF THE WATER DEPARTMENT

To the Honorable Board of Selectmen:

1982	218,437,000 Gallons of water pumped	
	124,369,000 Gallons of water metered	
1981	204,786,000 Gallons of water pumped	
	133,583,500 Gallons of water metered	
Old meters replaced	18
Meters repaired	62
New services installed	5
Old services renewed	10
Services turned on or off at owners request	109
Frozen meters	25
Frozen services	7
Hydrants damaged by motor vehicles	7
Obsolete hyhdrants replaced	3
Leaks in main line repaired	2
Leaks in service lines repaired	90
Samples of water sent to the State Dept. of Public Health for testing	16
Samples delivered to Tighe and Bond for testing	77

Respectfully submitted,

Stanley W. Cleveland
Superintendent

VETERANS'S SERVICES REPORT

To the Honorable Board of Selectmen of Orange:

SUBJECT: Report of the Eastern Franklin District Veterans'
Services — January 1, 1982 to January 1, 1983

In spite of the current economic status of the area, the number of cases for benefits did not rise significantly. There were twenty-seven temporary cases and fourteen permanent cases (some only for medical).

The department has continued to assist veterans and/or their dependents with applications for VA benefits which often results in large savings to the towns, VA being funded from Federal Government sources. Financial assistance paid by the towns under Chap. 115, G.L.M. is reimbursed at the rate of 50% by the Commonwealth of Massachusetts.

Eleven hundred fifty-three contacts were made to the office relative to Veterans' Services and VA benefits.

Arnold W. Bergeron resigned effective November 30, 1982 due to health reasons after serving well and faithfully since September, 1976.

The appointment of Allan R. Baldwin became effective December 1, 1982 as Agent and Director.

Respectfully submitted,

Allan R. Baldwin
Agent & Director of Veterans' Services

REPORT OF THE LIBRARY TRUSTEES

To the Honorable Board of Selectmen:

In addition to serving the readers and researchers of Orange and nearby communities, the libraries hosted numerous civic and social functions during the year. Resource sharing with the Western Massachusetts Regional Library System is utilized to keep the quality of service high despite the constraints of tight budget policies.

"Friends of the Orange Public Libraries" actively assisted the staff in extending library services and augmenting facilities. Book fairs and bake sales were sponsored. Exterior decoration during the holiday season was accomplished.

A Book Fair was conducted by the Pioneer Junior Women's Club in conjunction with National Library Week and the proceeds used to benefit the libraries.

In cooperation with the CETA program, nearly one hundred hours of cleaning and organizing work was donated.

An Open House was held observing completion of the Banner Project. Depicting local historical and industrial facilities, these colorful volunteers, all assisted by a grant from the Massachusetts Council for the Arts and Humanities.

Library personnel attended workshops sponsored by Western Massachusetts Regional Library System reviewing Chapter 322 of the Acts of 1982 pertaining to employment contracts and selection policies.

Library Trust Fund bequests were reviewed and consolidated to enhance available funds.

Energy conservation measures and building maintenance functions are an ongoing concern and updating is done regularly.

Library hours are posted at the Wheeler Memorial Library in Orange and the Moore-Leland Library in North Orange.

Respectfully submitted,
Richard C. Ballou, Chairman

Dorothy Burt
Robert P. Collen
Glenys M. Harris
Nancy Mousley
L. Doris Olson
Board of Trustess

WHEELER MEMORIAL LIBRARY

To the Honorable Board of Selectmen:

Population served (1980)	6,844
Number of days open during the year	256
Hours open each week for reading	28
Hours open each week for lending	28
Number of volumes added by purchase	1,096
Number of volumes added by gift	253
Total number of volumes at end of year	39,710
Number of volumes loaned	37,658
Reading certificates issued	135
Number of registered borrowers	5,272

Respectfully submitted,
Janice Lanou, Librarian, Wheeler Memorial Library

MOORE - LELAND LIBRARY
North Orange, Mass.

Number of days open during the year	151
Hours open each week for reading	8
Hours open each week for lending	8
Number of volumes added by purchase	75
Number of volumes added by gift	11
Total number of volumes at end of year	5,329
Number of volumes loaned for home use	3,024
Number of registered borrowers	362

Respectfully submitted,
Myrtha Gale, Librarian, Moore-Leland Library

REPORT OF THE ORANGE HOUSING AUTHORITY

Officers elected at the Orange Housing Authority's Annual Meeting were:

Chairman	Robert L. Howes
Vice-Chairman	William K. Babel
Treasurer and Governor's	
Appointee	Kenneth P. Duffy
Secretary	John S. Raymond
Assistant Treasurer	Sally Davis

Illene Estey resigned from the Housing Authority Board in March. The Orange Housing Authority members extend their sincere thanks for all her enthusiastic input while she served as a board member, and wish her well. Sally Davis was appointed to fill her vacancy.

The Orange Housing Authority again re-filed an Application for Section 705 Family Housing, and continues to try to obtain some Section 8 Federal Subsidy monies. In December, the Orange Housing Authority applied for eleven additional Section 707 Low Income State subsidies for one, two and three bedroom units, and this request has been approved.

The Orange Housing Authority administers 56 elderly units at Colonial Acres, 35 low-income subsidized units at Pine Crest Development, and two units in the community.

The total cost to the Commonwealth of Massachusetts for the 56 units at Colonial Acres was \$16,272.19, and the administrative expense for the 37 units of low-income housing was \$4,752.72.

Colonial Acres is an attractive, pleasantly maintained complex for the elderly on East River Stret, and the Orange Housing Authority invites any person 62 years of age and older to apply. Income limits are \$9,030.00 for one person, and \$10,320.00 for two people. Assets must not be more than \$15,000.00. During this year, major work was done on the Colonial Acres roadway, including repairs of catch basin, sewer, and storn drain manholes and covers. Also, some major landscaping work was completed.

The Maintenance staff and Executive Director continue to work on projects to conserve energy, and better utilize new and improved equipment and supplies.

In 1982, the State instituted a new Management Incentive Plan for Housing Authorities, and the Orange Housing Authority qualified for this program. This plan gives the Local Housing Authority more flexibility in their operations.

The Orange Housing Authority extends its sincere thanks to the local organizations, town employees and all individuals who again made this past year such a pleasant one for the residents at Colonial Acres. Your donations, services, assistance and special programs put on such as at Christmas time are very much appreciated.

Respectfully submitted,

Robert L. Howes, Chairman
William K. Babel, Vice-Chairman
Kenneth P. Duffy, Treasurer and Governor's Appointee
John S. Raymond, Secretary
Sally Davis, Assistant Treasurer

REPORT OF AIRPORT COMMISSION

To the Honorable Board of Selectmen:

During the year 1982 the following projects and activities were accomplished at the Airport.

1. Runway 01-19 lines were repainted.
2. Runway approaches are being continuously improved by the removal of brush and trees.
3. The radio beacon on Woodlawn Road in Athol was cleared of trees and brush to improve the radio signal.
4. A new rotating beacon light was installed by volunteer help from Bruce Dexter, Paul Dexter, Richard Mealand and Donald King.
5. Gates were installed at entrance ways to increase the security of the airport.
6. Increased activities have been generated by the Airport Commission to promote and develop general aviation.
7. The possibility of Federal and State funding for runway improvements is being considered.
8. Rental of airport property for the year totaled \$4,596.50.
9. There are currently sixteen aircraft based at the Orange Municipal Airport.
10. 1982 was a very successful year for the Yankee Ingenuity Show and the Athol-Orange Aero-Club Fly-in.
11. The Northeast Regional Model Airplane meet was held at the airport and considered a great success.
12. The use of the discontinued runway continues to bring in rental fees for non-aviation related activities.

Respectfully submitted,

Paul R. Robichaud, Chairman
Norman G. Sixt, Sr.
Frederick A. Mock
D. Robert DePratti
Richard E. Walsh

Airport Commission

REPORT OF ORANGE CONSERVATION COMMISSION

To the Honorable Board of Selectmen:

Following is the report of the Orange Conservation Commission for 1982:

The Commission held 19 regular meetings and three public hearings.

Four letters of intent were received and three public hearings were held and one is to be held Jan. 20, 1983.

Three orders of condition were issued, one appealed by D.E.Q.E.

Ten On-side inspections were made.

One Extension Permit was issued.

One license was issued to use Conservation land for agricultural purposes.

List of Millers River property owners was compiled and sent to Millers River Watershed Council.

State Water Pollution survey of Mattawa was conducted Aug. 11, 1982 and report received in October.

Dues were paid to Mass. Assoc. of Conservation Commissions and Conservation Law Foundation and Millers River Watershed Council.

To save space, financial report of expenses appears in accountant's report.

Respectfully submitted,

Orange Conservation Commission

Henry D. Wood, Chairman

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Orange School Committee:

I herewith submit my tenth annual report as Superintendent of the Orange Public Elementary Schools.

Computers

While no one can seriously argue that computers do not affect our everyday life in many ways, the Orange Elementary Schools have been hard pressed to determine the direction the curriculum should change to incorporate this exciting technology.

The first problem we faced was whether or not to train people elsewhere and then purchase the equipment or vice versa. We found the cost of micro-computers was low enough to allow their purchase first and then we could begin the personnel training "in-house", with the added benefit that the equipment (known in the field as "hardware") was then available for practice.

Secondly, we faced the issue of which computers to purchase from a rather extensive and somewhat bewildering market. We learned that our hardware was not efficient unless there were adequate and meaningful programs ("software") to run on them. We further found that some microcomputers were better for some tasks than others. Much time was spent evaluating what was available and then making appropriate purchase decisions. The computer picture in the schools then, is as follows:

Dexter Park School received an Apple II computer, color monitor, disc drive and printer and a large library of software through a Title IV-B Federal grant in the fall of 1981. In the fall of 1982, an additional Apple II computer and related hard and software was also purchased under a similar Federal grant. By early spring of 1983, an additional Apple II system will be purchased under Chapter I Federal funds and selected personnel trained in its use. By the end of the present school year, every classroom should have an Apple II available for student use one and one-half days a week.

Butterfield School will receive, by the end of January, 1983, two complete Atari 800 microcomputer systems, also purchased with Federal funds and Chapter I funds will provide an Apple II system by early spring. This school's classrooms will have a similar availability. The Atari 800 was picked because the R.C. Mahar Regional District had recently purchased a number of these units and it seemed to us to make sense that our graduating students have prior experience on these particular computers.

Special Education received a Federal grant to train clerical and instructional personnel in the use of the microcomputer. The complex (but required) record keeping on special need students is presently being fed into one of the Apple II computers at the Dexter Park School. We expect this process to save us substantial man hours in the future.

The Superintendent's Office received a Radio Shack TRS-80 Model III system in the summer of 1981. Since then it has been used primarily for budgeting and accounting purposes. Presently, we are exploring a student accounting-attendance software program and anticipate this will be in place in September, 1983. This one program will save teachers untold hours of clerical work, but just as importantly will give us a more accurate and accessible data base.

It should be clear then, that our elementary schools are well equipped to meet the computer challenge. It is now incumbent upon the professional staff to develop and implement a sensible and coherent computer literacy curriculum.

Reading

In August, the Orange School Committee committed significant personnel resources to the study of the present reading curriculum. The teacher committee, headed by Mr. Jacob, is charged with the responsibility of recommending a new basal reading series for all grades starting with the 1983-1984 school year.

Testing

We began, in the spring of 1982, to use the California Test of Basic Skills to evaluate our student achievement as compared with that of the Northeast and the United States as a whole. We anticipated that this new measure would indicate some areas of the curriculum needing up-grading and/or emphasis.

These tests are best used to compare groups of children rather than individuals, although we can compare a particular individual's scores with previous ones to determine growth.

School Calendar

The unusual weather and resulting road conditions during the 1981-1982 winter forced us to not open school seven days. This generated much discussion and resulted in the Committee adopting a 1982-1983 school year calendar which began the week before Labor Day. While there was some grumbling at this departure from past practice, the end result will be a mid-June ending, which seemed the most common desire.

Energy Conservation

Our eight year old award winning effort to reduce energy use continues to astound us with savings. Despite a rather severe winter, we held the line on both oil and electricity consumption. Each year we add the value of these savings to determine, collectively, what we have saved over the years. By last July we had saved 187,000 gallons of fuel oil, worth \$139,951 and enough to heat the schools for six years. Some 758,000 KWH of electricity were saved, worth \$37,427 and enough to light (and partially heat) the schools for four years. The total tax dollars saved were \$177,378 overall during this eight year period. That amount is almost equal to the town's share of the costs of the elementary schools for 1981-1982.

Special Education

Part of the year was spent preparing for a State program audit of our special needs program. The resulting audit report was extremely comprehensive. Several commendations were expressed as well as the usual deficiencies.

The latter were primarily centered about our record keeping and evaluation schedules. While we were able to correct several practices right off, some were more difficult to address. We became aware of new data processing techniques and found the Apple II computer hardware systems already on board would fit the bill. During much of December various persons were trained and the necessary data fed into the computer. By the end of this school year we should find ourselves performing all required tasks on time.

Gale Brooks School

This schoolhouse, closed in June of 1981, was formerly turned over by the Orange School Committee to the control of the Board of Selectmen in September, 1982.

During that fourteen month period, several requests for suggestions as to possible uses for the building were put forth to the citizens. None of the few suggestions received were regarded as viable by the Committee.

Building Maintenance

While we try to defer maintenance when it is not absolutely essential, our experience indicates that such practices are not cost effective over the long term.

We had planned on replacing the roofing on the front and rear sections of Butterfield and that was done in the summer. However, we found the roof over the gym and that of the new (1970) electric wing at Dexter Park School were leaking badly in the spring of 1982. We sought and received additional funding for their replacement.

In the case of the roof over this electrically heated wing, additional deck insulation was added. We anxiously await to see how much energy we have saved. Even a small reduction there makes a larger impact on overall electricity consumption, because this one portion of the building uses about half the electricity consumed at both Dexter Park and Butterfield Schools.

Vocational Education

The bid of the Town of Orange for membership in the Montachusett Vocational Technical School District still awaits city council action in Fitchburg. The other nine member communities have approved. The "Monty Tech" School Committee continued for 1982-1983 the very favorable tuition rate of \$1,524, saving Orange some \$21,000 at least. We do anticipate a Fitchburg vote this coming spring at the latest.

Collective Bargaining

The Orange School Committee, in the fall, began two separate negotiations with the Orange Elementary Teachers Association and its sub unit the Non-Teaching Group.

Agreement was reached on a new two year contract with the Non-Teaching Group and negotiations continue with the teachers.

The townspeople should realize that the Town Finance Board is invited by the Committee to sit in during these sessions. This is to ensure that positions taken by the Committee are consistent with those pertaining to other elements of town government.

Respectfully submitted,

David P. Bramhall, Superintendent
Orange Elementary Schools

At a meeting of the Orange School Committee held on January 20, 1983 it was voted to adopt the Report of the Superintendent of Schools as the report of the school committee.

Respectfully submitted,

William J. Rogers, Chairperson
Glenn L. Belloli, Vice-Chairperson
Melissa J. Dexter, Secretary
Rodney W. Bixby
Bruce W. Kilhart
Marcia S. Larocque
Wilfred W. Stockwell

AT A MEETING OF THE RALPH C. MAHAR REGIONAL SCHOOL COMMITTEE HELD ON _____ IT WAS VOTED TO ACCEPT THE REPORT OF THE SUPERINTENDENT AND ADOPT IT AS THE REPORT OF THE REGIONAL SCHOOL COMMITTEE.

To the members of the Ralph C. Mahar Regional School Committee, and the voters of the Ralph C. Mahar Regional School District, I herewith submit my annual report as Superintendent.

The report to the Mahar Regional School Committee covers the period January 1, 1982 to December 31, 1982. As such, all reports cover the final half of the 1981-1982 Fiscal Year and the first half of the 1982-1983 Fiscal Year.

The highlight of the year in the Mahar Regional School District was the Accreditation of the school by the New England Association of Schools and Colleges. Following a year of self-evaluation by the school, a Visiting Committee from the Association assessed the quality of the educational program. In May, the school received accreditation for a ten year period through 1991. In view of the fact that few schools are given the maximum ten year accreditation, much credit should go to the Committee which fully financed and supported the comprehensive study and to the staff for its meticulous work in presenting the school program. The citizens of the District are also to be commended in their continuous support of a sound and comprehensive secondary educational program. It is now our task to continue to further expand and improve the school in the years ahead.

FINANCE

The Mahar School Committee approved a 1982-1983 District Gross Budget of \$2,665,280 and continued a Net Budget of \$1,049,549, the same assessment charges as in 1981-1982 to the member towns. This was accomplished with the use of additional regional aid which resulted from the withdrawal of Erving from the District. Regional Aid was increased from \$284,539 to \$479,512. The school budget which was approved by all four member towns was kept to a strict minimum in nearly every category. Salary raises were granted to personnel, the Adult Education Program was re-instated, the school lunch program was further stabilized, three bus routes were put back into operation, and Workmen's Compensation Insurance was

provided for professional employees. In looking ahead to the next fiscal year, it is obvious that, unless substantial new state educational aid is voted by the General Court, the assessments will have to be increased to meet the basic needs of the school. The Committee will continue its policy to keep the town boards fully informed as 1983-1984 budget estimates are reviewed in the months ahead.

PERSONNEL

The Mahar School Committee accepted with regret the resignation of Robert Ellison as Music Director after twenty-three years of distinguished service to the students of the District. I also wish to acknowledge the establishment of the Robert M. Ellison Music Award by the Pioneer Junior Woman's Club. Mr. Larry Wells, a graduate of the University of Massachusetts, was selected as a replacement.

In other areas, the Committee reduced one teaching position in Industrial Arts, and added one teacher to the Foreign Language Department. Mr. James Woodward, a member of the football staff, was elected to Varsity Head Coach. He is extremely well qualified to take over this responsible position so capably held by Mr. Spadafora for twenty years.

VOCATIONAL EDUCATION

I can report that interest in enrolling in Vocational Education Programs is steadily increasing as students become aware of the opportunities available. The Mahar Administration and Guidance Departments have coordinated closely with the local school departments to carry out and extend these services to our students.

Regional Students Attending Franklin County Regional Vocational Technical School — 31.

Regional Students Attending Montachusett Regional Vocational Technical School — 37.

FEDERAL GRANTS

The following Federal Grants were approved to supplement the school programs in 1982:

Library and Audio Visual Department	\$ 2,725
Special Education Department	\$24,805
Career Education Program	\$21,623
Federal Block Grant	\$6,993

SELECTION OF NEW SUPERINTENDENT

The Committee was faced with the task of finding a new superintendent when I informed the Committee in May of my plan to retire at the close of December after twenty-five satisfying years as an administrator of Mahar. The Committee formed a search committee comprised of committee members, teachers, students, and parents to screen and interview applicants. A careful and thorough search was carried out.

The Mahar Committee unanimously selected Mr. Carl F. Knowlton of Westbrook, Maine as the new superintendent. A graduate of Plymouth New Hampshire State College, he holds a Master's Degree from Pennsylvania State College and a Certificate of Advanced Graduate Study in school administration from Boston University where he is currently working on his doctorate degree in education. Mr. Knowlton has had wide experience as a teacher, principal, and superintendent in New Hampshire, Maine, and Massachusetts.

In closing this report, I wish to express my deep-felt thanks to the members of the Mahar Committee for their encouragement and support over the years. I also wish to thank my co-workers for their splendid cooperation.

Respectfully submitted,

Kermit W. Cook, Superintendent
and Secretary for the
Ralph C. Mahar
Regional School District

RALPH C. MAHAR REGIONAL SCHOOL
ORANGE, MASSACHUSETTS

ANNUAL REPORT OF THE PRINCIPAL
FOR THE PERIOD

JANUARY 1, 1982 — DECEMBER 31, 1982

I. *Major Events:*

1. *Ten-Year accreditation.* At its Spring meeting in May, the New England Association of Schools and Colleges awarded a ten-year accreditation to the Mahar Regional School. The length of time reflects high confidence on the part of the N.E.A.S.C. that Mahar will continue to do a good job for the coming decade: only 20% of the schools evaluated receive the 10-year term.

2. *Continued reductions due to Proposition 2½.* The staff and administration continued to cope with the effects of budget cuts mandated by Proposition 2½. The Industrial Arts position left vacant by the resignation of a staff member was not re-filled. Essential maintenance was deferred. Equipment replacement cycles have been disrupted. Textbook purchases were curtailed. We must now give serious thought to the financing of building maintenance and equipment repair/replacement through the next decade.

3. *Program growth.* Despite budgetary constraints, we were able to expand some programs. Key among these:

a. *Computer Literacy.* The Computer Technology Council was organized in September to oversee the development of our computer literacy program. This group represents all departments within the school and is developing school-wide goals and objectives for our entry into the computer era. The Council also reviewed bids for computer systems that were part of our Block and Occupational Education Grants, and helped make decisions on the purchase of hardware and software. Mahar's computer literacy plan will be ready for School Committee action in the Spring of 1983 with implementation scheduled for September, 1983.

b. *Math Computer Lab.* Continued efforts by Mr. Lemere, Math Department Coordinator, and the math staff have maximized the opportunities for students to work with the four Atari computers available, either in the Math Computer lab or as rollaway units in various classrooms. The focus so far has been on introduction

to computer operations; by the end of the 1982-83 school year, the math department will have introduced computers to every student in grades 7 and 8. Presently on the drawing board are plans to offer electives in computer literacy. This is part of the larger proposal under development by the Computer Technology Council.

c. *Office Simulation Lab.* We were able to direct significant portions of our Occupational and Block Grants to equip the Office Simulation Lab with four Atari computer systems and related word processing software. As part of the renewed emphasis within the Business Department (see f. below), we now have the capability to offer modern office practices and word processing familiarity to business students. Our grants have also funded a computer lab aide through November, 1983, who will be of great help in developing curriculum and helping students work with the equipment. The office simulation laboratory also contains two IBM Memory Typewriters and is now in partial operation, with full operation expected in January, 1983.

d. *Career Education.* Mr. Roche continues to develop career education, with Mahar now completing the first year of the three year Career Education Master Plan. A Career Education curriculum has been written for students in grades 7 and 9, and Mr. Roche conducts a 20 session-unit for each student in grades 7 and 9 to explore careers. Funds from the Block Grant were used to equip the Career Education center with an Apple II microcomputer system and students now have access to the C.H.O.I.C.E.S. computer service to explore careers and to gather information about college placements. The computer is in constant use and will be a main part of our career education process for coming years. Mr. Roche is now planning the second year, which will involve the larger staff in learning how to bring career education information into the whole curriculum.

e. *Basic Skills Workshops.* The English and Math departments have started Basic Skills Workshops as part of our efforts to improve basic skills. The workshops are designed to help those students who fail to earn the minimum score on the state-mandated assessment tests.

Grade 9 students have two opportunities to pass the reading and math tests and one opportunity to prove their writing abilities. If they do not achieve the necessary 70% in reading and math, or an holistic score of at least 12 on the writing samples, they are required to take the appropriate workshops as part of their class load in grade 10. Students remain in these classes until they pass the test.

The staff assigned to teach the Skills Workshops are experienced teachers who excel in motivating the reluctant learner and work well in highly personalized, individual learning settings.

f. *Renewed emphasis on Business Education.* In April, an ad hoc subcommittee of the Mahar Regional School Committee worked closely with the administration and the Business Education staff to find ways to improve the skills of students within the Business Department. Chaired by Mrs. Shirley Hebert, the subcommittee consisted of Mrs. Frances Miller, Mrs. Kay Berry, and Mrs. Jean Chase. As a result of their work, the School Committee endorsed summertime renovations to the facilities and changes in the curriculum that produced, among other things, the Office Simulation Lab. Severe funds limitations have slowed but not prevented continued growth in the Business Department. The momentum is there to appeal to an increasing number of students and give more students highly developed skills that will make them more competitive in the job market or in business-related higher education.

II. *Priorities for 1983*

1. Renew emphasis on Teaching and Learning. Working through the In-Service Commission, the administration will continue to bring the results of research in teaching and learning into the classroom.

2. Continue to develop and implement the Career Education Master Plan.

3. Continue the work of the Computer Technology Council and put into effect plans for computer literacy for all staff and students.

4. Develop an accuracy assessment of our financial needs over the next ten years, with particular emphasis on:

- a. Capital outlay for projected repairs
- b. Funding to expand programs
- c. Equipment/textbook replacement

III. *Student Activities and Accomplishments*

1. *Art Department.* In January, 1982, the Art Department was once again honored by having two students win Gold Keys in the National Scholastic Art Awards sponsored by the Boston Globe. The students, Mark Cunningham, Grade 12, and Tim Roach, Grade 9, had their work exhibited in the Prudential Center in Boston. Tim Roach also received a Blue Ribbon for his work, which went to New York City for further judging.

Other art activities included the annual Art Show in the Spring; a field trip to Boston to visit the Museum of Fine Arts and the Isabella Stewart Gardner Museum; students continued their mural work on the walls of the Art Wing corridor; decorated the inclement weather shelter on the patio; in the Fall, students have begun plans to paint cartoon murals for the Orange Day Care Center.

2. *Foreign Language Department.* Miss Kirsten Swan joined the staff to teach French, Spanish and English. The department now offers Spanish I through IV and French I through IV, as well as Latin I and II and Discovery Language in grades 7 and 8. In the Spring, the department sponsored a trip to Quebec City; the Senior and Junior High International Clubs combined into one larger International Club, which organized a reception for foreign students in September. Other activities included an International Cafe during Parent Conference Night and the School Annual International Dinner.

3. *Library.* Library circulation has remained constant at 8,991 items. Student use has increased quite substantially despite a slight decline in enrollment: students used the library 29,670 times during 1982. There were 68 class reservations, 131 bookmobile reservations, and widespread other use by staff, students on independent study, co-op and foreign exchange students, who had extensive library assignments.

The completion of the Library Seminar Room expanded shelf space for the history collection and provided students places to work together and to use A-V materials.

The card catalog is being re-checked and re-organized, with cards color-keyed to indicate the locations of particular holdings within the collection. The Vertical File is also being modernized and reorganized to better meet student reference needs.

4. *Mathematics Department.* The year 1982 saw two major improvements in the mathematics area. First, the acquisition of an additional micro-computer system through a Title IV grant allowed us to expand the use of the computer lab to junior high students. In fact, the majority of students using the lab for the 1982-1983 school year are in grades 7 and 8. Students are also kept informed about computers through a regular column in our school newspaper. Teacher in-service workshops on computing literacy were expanded to include staff members from a wide cross-section of the curriculum. More workshops are planned for Spring, 1983.

A new program called Basic Skills Workshop represents our second area of improvement this year. Students who have not met minimum competency standards in mathematics at the ninth grade level are being helped through this program which features a completely individualized approach to the instructional process.

Plans are well underway this year to establish a computer science curriculum for all students in grades 7-12 with a target date of September, 1983.

5. *Music Department.* The Music Department had a fine representation at the Massachusetts Music Educators Association - Western District which was held in January at the University of Massachusetts in Amherst. Nineteen out of twenty vocalists were chosen to sing in the chorus, two instrumentalists to play in the band, and one in the orchestra. Selected by their audition scores to represent Mahar at All-State in Lowell were: Chorus - Janet Kowacki, Vivian Pratt, Christopher Donelan, Steven Sawyer, and Timothy Kilhart. In the All-State Band - Cara Voutselas and orchestra - Anne Stevenson.

On the audition scores for Massachusetts All-State, Vivian Pratt and Christopher Donelan were nominated to All Eastern United States Chorus, which will be held in Boston in February of 1983.

Over one hundred junior and senior high vocal and instrumental musicians took part in the Quabbin Valley Music Festival held at Munson Regional High School. Mr. Paul Calcari directed the Junior High Chorus.

The annual Spring Concert was well attended and enthusiastically received. Fifty students went to defend the Grand Sweepstake Trophy won the year before at the International Music Festival held at Hyannis on Cape Cod. We were defeated by a Niagara Falls, New York high school, but won two lesser trophies.

The Variety Show, Memorial Day assemblies and parade were especially well done as the students knew they could be the last performance of Mr. Ellison, who had been Director of Music at Mahar for twenty-three years. The graduation band received a standing ovation by parents and graduates for *Die Meistersinger* by Wagner.

Larry Wells was appointed director of the senior band and chorus. He joins Paul Calcari, junior band director, and Ann-Marie Ellison, who is Director of Music.

The football band played only at home games this year, much to the disappointment of the fans; however, they were thoroughly enjoyed at these games.

Eighteen vocalists out of twenty made All District this fall, and three instrumentalists. Nine students received All State recommendation to audition in January.

The Christmas concert was said to be very successful.

6. *Physical Education Department.* The Physical Education and Health Curricula, grades 7-12, have been expanded. Besides team and individual sports, gymnastics, and leisure activities, more emphasis is being placed on dance and conditioning programs. Folk, jazz and square dance are becoming more popular in the Senior High classes. Jogging and Aerobics classes are gaining more support from both the male and female students. Students attend personalized conditioning classes complete with their individual physical profiles. Ideal weight, percentage of body fat determined through skinfold measurements, resting, exercise and recovery heart rates and blood pressure readings are recorded for each student. Emphasis is on cardiovascular conditioning, strength and flexibility development. Pre and post testing sessions are done.

The Physical Education Exhibition continued in the Mahar tradition. The William R. Thompson Memorial Award was presented to Bina Otenti and Chris Bezio.

The Junior High Physical Education classes concluded their spring unit with track and field competitions during their Field Day. Record performances are recorded on plaques in the locker rooms. The basketball intramurals were held for the second year. Homeroom teams were used for the Round Robin Tournament. Winning homeroom teams were 7th Grade Girls, Homeroom #19 coached by Sue Barnes, 7th Grade Boys Homeroom #18 coached by Rob Perkins, 8th Grade Girls Homeroom #26 coached by Kirstin Skrabis, and 8th Grade Boys homeroom #29 coached by Peter Reppas.

The entire school was involved in the Great American Smoke Out, November 18. T-shirt transfers and pins were passed out by Health teacher Mary Persechino. A presentation with handouts and a filmstrip was conducted in the Physical Education classes that day.

7. *Science Department.*

a. *Science Fair.* Once again, the department's premiere activity was Mahar's sweep of regional and state science fair competitions. Locally, 94 senior high students competed for 44 category prizes; 61 junior high students competed for 21 category prizes. Regionally, 20 senior high students entered the fair at UMASS, capturing 17 prizes: Paul Larocque, Monique Nault, Richard Williston, Ellen Shortt, David Robinson, Kirsten Skrabis, Sheri Bittenbender, Anne Duncan, Cara Geikie, Lorianne Jardine, Peter Lawson, Jamie King, Maria Jacob, Marian Glick, Andrew Skinner, Anne Stevenson, Andre Nault. Twenty-three junior high students entered the UMASS competition and captured 12 awards: Kevin Bittenbender, Ruth Potee, Wayne Whitmore, Mike Cunningham, Sandra Clune, Kristin Kelley, Polly Tolman, Nicole Nault, Philip Tomlinson, Gary Bousquet, Wayne Sampson, Lisa Gudheim, James Drew, Shelly Littlewood, Jenni Hatch. Nicole Nault also took the Grand Prize in the Junior Division.

At the State Science Fair at MIT, the 16 senior high students who entered won 12 prizes: Kristin Skrabis, Sherri Bittenbender, Anne Stevenson, Maria Jacob, Jamie King, Paul Larocque, Monique Nault, David Robinson, Anne Duncan, Cara Geikie, Marian Glick. Kristin Skrabis won a special Earthwatch grant for her project on "The Biological and Environmental Effects of Volcanism on Acid Rain." As the recipient of the Earthwatch Award, Kristen was able

to choose and participate in any of 50 professional expeditions throughout the world and was given \$1000 to help her with her expenses. She chose to join the October experimentation at Mt. St. Helens.

b. *Special Awards.*

1. Junior student David Robinson of Petersham was accepted in the Massachusetts Advanced Science Program at Milton Academy. He was awarded financial aid for his work in Experimental Biology.

2. The Bausch—Lomb Award for Excellence in Science went to two students: Leslie Shaw and Lorianne Jardine.

c. *Curriculum/Program.* Although only one science course is required for high school graduation, over 700 students currently are enrolled in science courses. Increased student interest required additional sessions of the First Aid Course, Greenhouse Management, and College physics. Using funds from our block grant, we were able to implement a recommendation from the New England Association to expand our wet—lab capabilities in the junior high science program: we now have two science classrooms with wet—lab options.

8. *Social Science Department.* The 1982 school year has been a productive and successful year for the Social Sciences Department given the budgetary restraints that have prohibited the continuation of many fine student activities and programs that have been budgeted in the past. The major accomplishments of the department may be summarized as follows:

The Social Sciences Department staff of 6.8 teaching positions successfully instructed approximately 650 students in both required and elective courses. As a part of our program of citizenship education our department planned and organized a student mock election using both the Franklin and Worcester County ballots as prepared for the 1982 general election. Our program involved several days of classroom instruction on voting procedure and an introduction of candidates and ballot issues as well as the actual experience of casting a mock ballot at a simulated polling place. The Mahar polls were borrowed from the Town of Orange and we had the capable assistance of the Supervisor of the Checklist and his staff of eight workers on the day of the mock election.

Again this year a Mahar student was named winner of the Junior Editors Quiz. In addition, our school was well represented at the Athol Model United Nations program in 1982.

Our department helped to plan and present an assembly for grades 9—12 students on the Nuclear Arms Race that was designed to inform students about this important issue.

Our department participated in a special summer workshop to facilitate the academic and social transition of Special Needs and level one students to the next grade level. Many ideas for working more effectively with the Special Needs Department were identified and explored.

Presently our department is working hard to develop and include in our 1983—84 curriculum a legal literacy program for all grade 9 students. Two of our department members were able to attend a Mass Bar Association sponsored workshop on legal education and gather new ideas on how this Civics component might best be included in our curriculum.

9. *Special Education Department.* The Special Education Department at the Ralph C. Mahar Regional School continues to provide appropriate services to students diagnosed under the regulations of Public Law Chapter 766 and Public Law 94—142 for children in need of special education services.

The Special Needs Department consists of a full time Special Education Administrator, five full time certified special educators, four full time teacher aides and a part time Speech Therapist.

As of October 1, 1982, 94 students were receiving special services on a daily basis at Mahar in one or more of the following programs:

Specific Learning Disabilities

Personal Adjustment

Resource Rooms

Communication Disorders

All students within these programs are mainstreamed in elective courses and within regular classes in one or more major subject areas when appropriate.

As of October 1, 1982, 21 students were receiving special services in alternative programs provided at various locations outside the physical facility of the Mahar Regional School.

The Mahar Regional School District and the Petersham Elementary School System through consolidated efforts have continued to receive federal funding for the 1982—83 school year under Public Law 94—142. The purpose of these funds is the continuation of Project PACE which supplies a home/school liaison counselor to service parents and students within the two school systems and to establish and implement In—Service Training programs for staff and workshops for parents and community members.

Federal funding has been secured through an Occupational Education 94—482 grant for the purchase of computers and computer software to provide special needs students with Basic Computer Skills.

10. *Interscholastic Athletics.* Interscholastic athletics again offered over 500 opportunities to participate to Mahar students. In addition, junior high students had the opportunity to participate in a two—week intramural basketball program, a wrestling club formed to provide an outlet in this sport, and a strong indoor soccer program filled the winter months. Varsity team performances were:

	<i>Won</i>	<i>Lost</i>	<i>Tied</i>
<i>Basketball</i>			
Girls	3	13	
Boys	11	8	
<i>Track</i>			
Girls	6	2	
Boys	6	3	
<i>Golf</i>	0	13	
<i>Tennis</i>	6	3	

<i>Baseball</i>	Mike O'Lari named Western Mass Senior All-Star Team	4	14	
<i>Softball</i>		5	9	
<i>Football</i>	All Inter-County League: Don O'Loughlin, Mike Schiappa, Frank Schiappa, Clay Hennessy, Larry Macomber, Jamie King, All-Western Mass (2nd Team): Don O'Loughline, Larry Macomber	6	4	
<i>Soccer</i>	Hampshire Soccer League Champions	9	6	1
<i>Field Hockey</i>		5	4	3
<i>Volleyball</i>	Competed in post-season tournament	13	5
